

Akshay Tiritiya

Celebrating the Eternal Day

8th - 10th May 2024

Initiated by Paramahansa Satyananda, the annual Akshay Tiritiya Aradhana at Rikhiapeeth holds profound significance as a day dedicated to exalting the cardinal mandate of 'Serve, Love and Give' and for spreading the blessings of peace, abundance and prosperity to every home and heart. Known as the 'Indestructible Day,' it is a day where every action has the potential to bring enduring blessings that can resonate across lifetimes.

Under the divine guidance of Peethadhishwari Swami Satyasangananda Saraswati, the 3 day aradhana will be a convergence of sacred rituals, including havan, mantra chanting, and traditional worship. Esteemed Pandits from Varanasi and renowned Yoginis will create a powerful atmosphere filled with positivity and spiritual vibrations that can be experienced far and wide. This combined with the mass distribution of prasada and the feeding of the Kanyas will propel Rikhiapeeth and the surrounding villages forwards towards the vision of plenty and prosperity as envisioned by Swami Satyananda.

Akshay Tiritiya is not just a celebration, but a sacred opportunity for spiritual elevation. It is a day to break free of old patterns and enables each individual to take action to create a positive future filled with abundance and harmony. We invite devotees, spiritual aspirants and seekers to connect with the profound spiritual vibrations that will be emanating from Rikhiapeeth on this sacred day.

Peethadhishwari Swami Satyasanganada has outlined a personal sadhana that can be followed from anywhere around the world. This sadhana is being offered for individuals who wish to tune their inner selves to receive the abundant blessings that will be emanating from Rikhiapeeth on this day. This home sadhana can be done at any time between 9am – 2 pm IST:

May this Akshay Tiritiya bring limitless blessings and joy for you and your loved ones.

On account of the indestructible force of this day, all words you speak, thoughts you think and acts you perform on this day become a part of your hard disc and remain with you life after life. It is therefore understandable that on this day one must make a sincere effort to perform good deeds through japa, tapa, tyaga, daan and remembrance of the Lord so that your bank balance increases
